

ILLINOIS' LARGEST WATERPARK – RAGING WAVES – ANNOUNCES NEW ATTRACTION OPENING SUMMER 2021

With Award-Winning Water Slides, a Huge Wave Pool and more, Raging Waves is Set to Install a Six-Lane Mat Racing Attraction Just in Time for Summer 2021

Yorkville, Ill. (October 2019) – With sights already set on summer family fun, Illinois' largest waterpark dedicated to family fun for all ages, **Raging Waves**, 4000 N. Bridge St. in Yorkville, is excited to announce plans to unveil a new attraction in Summer 2021. With the new, six-lane mat racing waterslide, aptly named *Aussie Mat Dash*, **Raging Waves** continues to grow with an attraction that will allow six riders to race side-by-side in tunnels to the bottom. With only two other such slides installed in the world, the *Aussie Mat Dash* will be installed at the south end of the park, near *The Boomerang*, *Cyclone* and other **Raging Waves** favorites.

Raging Waves' *Aussie Mat Dash* is a Proslide RallyRACER™ attraction that is changing the racing game at waterparks across the world with RallyPOINTS™ technology. With engineered RallyPOINTS™, each rider seamlessly speeds through a fast spiral beside their fellow racers and may now track their progress as they go in and out of open and closed-slide areas along the way. Appropriate for riders 42-inches tall or above, the *Aussie Mat Dash* will feature almost 2,500 feet of combined slides, with each slide being 400 feet in length.

"We are thrilled to add an exciting new waterslide to our waterpark," said Randy Witt, Co-Owner of **Raging Waves**. "As a family-owned and run business, our entire **Raging Waves** team is proud to continually provide the opportunity for friends and families to make memories each summer.
